

Withlacoochee River Watershed
Strategic Habitat Conservation Areas,
Areas of Conservation Interest,
and Potential Natural Areas

- Strategic Habitat Conservation Areas
- Existing Conservation Areas
- Areas of Conservation Interest
- Potential Natural Areas
- Watershed Boundary
- County Boundary
- District Boundary

Strategic Habitat Conservation Areas data were obtained from the Florida Fish and Wildlife Conservation Commission. Areas of Conservation Interest and Potential Natural Areas were obtained from the Florida Natural Areas inventory. Areas of Conservation Interest are sites where exceptional natural values have been confirmed through ground surveys and actual occurrence of endangered species and/or communities. Potential Natural Areas have not been surveyed but are projected to have significant natural value based on interpretation of aerial photography.
