

Peace River Watershed  
Distribution of  
1995 Urban Land Use  
Within the  
FEMA 100-Year Flood Zone

-  Single or Multi-Family
-  Commercial/Office/Military
-  Industrial
-  Mining
-  Urban Undetermined
-  Water
-  Watershed Boundary
-  County Boundary
-  District Boundary

Land use and cover data were interpreted from 1:24,000- and 1:40,000-scale color infrared aerial photographs taken between October of 1994 and May of 1995. Land use and cover data are classified utilizing the Florida Department of Transportation Land Use, Cover and Forms Classification (FLUCCS) System. The flood zone information was digitized from the Federal Emergency Management Agency's (FEMA) Flood Insurance Rate Map (FIRM) panels. These data were overlayed in the District's GIS to obtain the areas of urban development within the 100-year flood plain in 1995. These data are intended to provide a generalized view of the region.
