

Produced by the United States Geological Survey and National Ocean Survey. Control by USGS and NOAA. Data provided by the Geological Survey from aerial photography taken January 10, 1978. Compiled by photogrammetric methods from aerial photography taken January 1978. Field checked 1978. Map dated 1982. Supersedeable map dated 1982.

Bathymetry compiled by the National Ocean Survey from tide-measured bathymetric surveys.

10m contour interval is shown on map. Supplemental contours: Mean low water (dotted) line and mean high water (solid) line compiled by NOAA from tide-measured aerial photography. Apparent shore line (outer edge of vegetation) shown by photography.

Projection and 10,000-foot grid ticks: Florida coordinate system, north-south (Lambert conical zone).

1000-meter Universal Transverse Mercator grid, zone 18 1827 North American Datum, 1983.

1:2 scale in the projection. North American Datum 1983 over the projection. True 21 meters south and 7 meters west as shown by dashed corner ticks.

There may be private holdings within the boundaries of the National or State reservations shown on this map.
