1:250 000-scale metric
topographic-bathymetric map

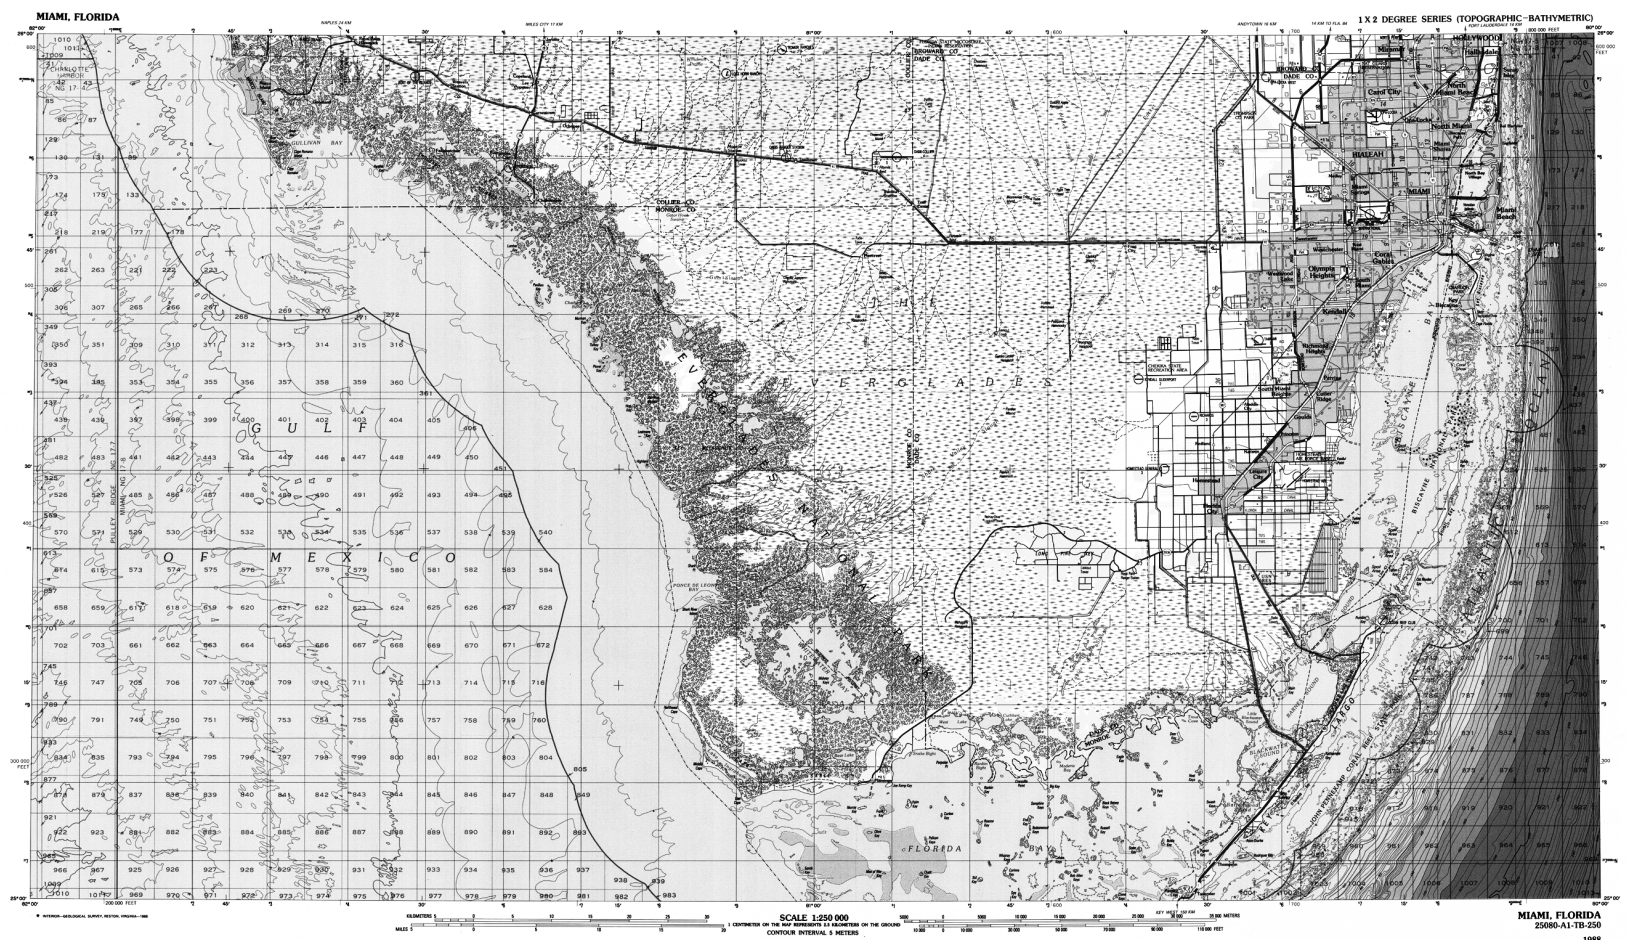

1 X 2 DEGREE QUADRANGLE
SHOWING

- Contours and elevations in meters
- Highways, roads and other manmade structures
- Water features
- Woodland areas
- Geographic names
- Bathymetric contours in meters

U.S. GEOLOGICAL SURVEY
NATIONAL OCEAN SERVICE

1988

Produced by the United States Geological Survey and the National Ocean Service. Compiled from 1:250 000-scale maps dated 1981 and 1982. Revised bathymetry from 1982 data. Elevation data from 1964. Bathymetry compiled by the National Ocean Service from bathymetric observations made by the United States Coast and Geodetic Survey and other agencies. Contour interval is 3 meters. Elevation data were compiled by the National Ocean Service from the U.S. Geological Survey National Ocean Service. Bathymetric contours were compiled by the National Ocean Service from the U.S. Geological Survey National Ocean Service. Contour interval is 3 meters. Elevation data were compiled by the National Ocean Service from the U.S. Geological Survey National Ocean Service. Bathymetric contours were compiled by the National Ocean Service from the U.S. Geological Survey National Ocean Service.
