CONTOURS AND ELEVATIONS IN METERS
WEST BAY, FLA.
30085-C7-7B-024
1982
DMA 3841 IN SE-SERIES V4870

Produced by the United States Geological Survey and National Ocean Survey
Control by USGS and NOS/NOAA
Orthophotomaps prepared from aerial photographs taken January 18, 1976. Contoured by photogrammetric methods from vertical photographs taken January 1976. Field checked 1977. Map edited 1982. Topographic map dated 1943.
Bathymetry compiled by the National Ocean Survey from tide-coastline hydrographic surveys.
This information is made available for informational purposes.
Mean low water (dotted line) and mean high water (solid line) contours by NOS from tide-coastline and bathymetric data.
Apparent shoreline (outer edge of vegetation shown) by photogrammetry.
Projection and 60,000-foot grid ticks Florida coordinate system, south zone (subset of national zone).
To show on the predicted North American Datum 1983 move the coastline here 14 meters south and 6 meters west as shown by dashed corner ticks.
