

Produced by the Geological Survey and the National Ocean Survey  
 Control by USGS and NOS/NOAA  
 Orthophotomaps prepared from aerial photographs taken January to 1976. Topography by photogrammetric methods from aerial photographs taken January 1975 and planimetric survey 1975. Field checked 1978. Map dated 1981.  
 Superimposed topographic map dated 1942.  
 Bathymetry compiled by the National Ocean Survey from tide-coastal hydrographic surveys.  
 Soundings compiled from NOS data 11405.  
 This information is not intended for navigational purposes.  
 Mean low water (dotted line) and mean high water (solid line) compiled by NOS from tide-coastal aerial photographs. Apparent altitudes (center edge of vegetation) shown by photogrammetry.  
 Projected on 10,000-foot grid (see Florida coordinate system, note on latest contour lines).  
 1000-meter Universal Transverse Mercator grid, zone 16 1817 North American Datum, 1983.  
 To place on the projected North American Datum 1983, apply the projection lines 40 meters north and 10 meters west as shown by dashed corner ticks.  
 Dating and lines established by private subdivisions of the Forbes Purchase.  
 There may be private subdivisions within the boundaries of the National or State reservations shown on this map.
