

Names

As you are deciding where the Olympics will be held in 2010 you must design a luxury hotel for all of the famous people who will attend like presidents, kings, queens, and there families.

Use the graph paper to design the hotel. You may design the property anyway you want, but whatever you add to the property must use the fractions provided below.

Building - $\frac{20}{120}$

Parking - $\frac{20}{120}$

Land - $\frac{30}{120}$

Pool and Deck - $\frac{10}{120}$

Restaurant - $\frac{15}{120}$

Arcade - $\frac{5}{120}$

Wild Water Slide - $\frac{25}{120}$

Tennis Courts - $\frac{20}{120}$

Gym - $\frac{8}{120}$

Golf Course Driving Range - $\frac{30}{120}$

Gift Shop - $\frac{7}{120}$

Dance Club - $\frac{10}{120}$

- 1) You must have the building, parking, and land.
- 2) You must choose others that will total one whole piece of property.
- 3) Whatever color you use on the grid paper, you must fill in to the legend on this page. Each part of the property must be represented differently in the legend.
