

## Shaquille O'Neal Hand/Foot Span

### Exploring Ratios: Overview of the Lesson

#### Shaquille O'Neal Hand/Foot Span

- In this activity students measured their hand span and foot span and collected data from at least ten other students.
- Then they created a spreadsheet with the data.
- From the spreadsheet they created a scatter plot and graphed the information with a best fitting line.
- Finally, they compared their information with the hand and foot span of Shaquille O'Neal.
